

**KRONOTEX Superior Progress
High Performance German Laminate**

Superior Progress – Create a harmonious atmosphere

Perfect balance between style and functionality.

Laminate flooring specially designed to withstand the challenges of a fast-paced environment.

KRONOTEX is 100% Made in Germany

KRONOTEX Superior Progress laminate is specially designed to withstand the challenges of a fast-paced environment. With the AC 4 classification, you can be sure that this floor will last for many years to come. Whether in a busy office, a busy retail area or a home with children and pets, this floor is engineered to endure and retain its beauty.

The innovative 5G click installation technology makes it easy and quick to lay the floor without the need for glue or special tools. You can save valuable time and energy, and at the same time achieve a flawless result.

Whether you want to create a harmonious atmosphere in the living room, a relaxing atmosphere in the bedroom or an inviting room in the office, this floor will give you the perfect balance between style and functionality.

Our laminate floor is also suitable for use with heating cables, so you can enjoy comfortable underfloor heating throughout the year. With this feature, you can create a luxurious and comfortable environment in any room of your home.

To add extra style and realism, the floor has a v-joint on all four sides. This detail gives an authentic wooden look and gives the floor a natural feel.
