

Introducing Our Signature Bespoke Series.

Our focus with Bespoke is to bring a variety of colours and patterns that match your personality and taste. With our flagship series of the Nouveau 7 Collection, this is a no-compromise floor design built with a strong visual statement inspired by generations of design and engineering.

Dating back as early as the 16th century, the Herringbone pattern brings another level of floor design. We are proud to introduce this beautiful design heritage in to our flagship Bespoke lineup.
